Family Time

We're talking about the birth of two people these next couple of weeks: John the Baptist and Jesus. Talk with your parents/guardians about when they knew you were coming into their lives. How did they feel? What did they do to prepare?

Luke thought it was important to write down everything about Jesus so generations after would know who Jesus was and what he did. How does your family remember what's happened throughout your family? Do you keep photos, journals, genealogies, baby books, etc.?
